A BETTER WAY FORWARD:
TOWARDS ELIMINATION OF COVID-19

ISAG Webinar: The Case for International Travel Quarantine

Time: 12pm, Wednesday 20 January 2021
Register: https://us02web.zoom.us/webinar/register/WN_H5HLPQhJRPe4__qY2TN-1A

The purpose of this I.S.A.G. public webinar is to discuss the central issue of international travel quarantine and its role in preventing a 4th wave of COVID-19 in Ireland.

At this webinar we will outline the I.S.A.G. response to this situation, including:

- Current modelling and predictions of SARS-CoV-2 infection rates for the coming month.
- A summary of current information of the relevance of the new SARS-CoV-2 variants to Ireland.
- The Evidence for International Travel Quarantine
- Public Opinion in Ireland on Travel Restrictions

Speakers

Gabriel Scally Visiting Professor of Public Health, University of Bristol & President of Epidemiology & Public Health section, Royal Society of Medicine, Member of the Independent Scientific Advocacy Group (ISAG) in Ireland & the Independent Scientific Advisory Group (IndieSAGE) in the UK. www.independentsage.org @GabrielScally

Kevin Cunningham Lecturer in Politics, TU Dublin & Managing Director of Ireland Thinks www.irelandthinks.ie @kevcunningham

Chaired by Aoife McLysaght Professor in Genetics, Trinity College Dublin & Member of ISAG @aoifemcl

Let this lockdown be our last.

We can start living again.

The Independent Scientific Advocacy Group (I.S.A.G.) is a multidisciplinary, all-island, group of scientists, academics, and researchers who have come together to advocate for a SARS-CoV-2 elimination strategy for the island of Ireland.
